MIDWEST EDUCATION CONFERENCE

Monroe-Randolph Regional Office of Education
proudly presents:

Differentiation: Ways to Save Time and Increase Achievement for All Learners K-12 with Dr. Bertie Kingore

October 19, 2010

The Falls Banquet Center • 300 Admiral Weinel Blvd., Columbia, IL 62236

The workshop will share a myriad of ways for teachers to differentiate instruction while saving time and increasing student achievement. This practical session translates the research on students' needs and achievement into realistic and effective strategies that appropriately challenge all learners while differentiating instruction for advanced learners in mixed-ability classrooms. The engaging learning experiences emphasize effective learning environments, applications that work with multiple topics to expand targeted concepts and skills, assessments to guide instruction, and techniques to promote continuous learning for all students.

Dr. Bertie Kingore is an international consultant who has worked with students, their teachers, and their parents for over 30 years. Recognized for their humorous and practical presentations, her energetic sessions leave teachers revitalized and eager to implement her shared ideas and learning experiences in their own classrooms. She is also an award-winning author of numerous articles, instructional aids, twenty-four books, and seven interactive CD-ROMs on education.

Dr. Kingore has received many honors including the Outstanding Alumnus of North Texas where she earned her Ph.D. She is a past President of the Texas Association for the Gifted and Talented and was also recognized as the first Texas Gifted Educator of the Year.

Bertie Kingore and her husband, Richard, are the parents of three gifted sons whose needs and talents fuel her dedication to gifted education.

“Dr. Kingore brings the ability to connect information in such a practical way that you can’t help but be motivated. The workshop seemed like it was only an hour long. Dr. Kingore kept it moving and provided so many practical ways to incorporate the information in the classroom.” – Curriculum Coordinator and Reading Teacher

Morning Session:

This session will provide an overview of key principles of differentiated instruction. In her engaging manner, Dr. Kingore will present such topics as Translating Research on Student Needs and Achievement, Effective Strategies to Challenge All Learners, and Differentiation in the Mixed-ability Classrooms.

Afternoon Session:

This session will expand upon the ideas of the morning session and will look at Effective Learning Environments, Practical Applications Across Multiple Topics, and Techniques to Promote Continuous Learning.
